The background of the cover is a large, detailed painting of a Native American man's face, looking slightly to the left. The face is rendered in earthy tones of brown, tan, and white. In the foreground, a group of Native Americans in traditional dress are depicted in a dynamic, dancing or ceremonial pose. They are wearing various headdresses, including feathered ones and some with red or blue elements. The overall scene is set against a textured, light brown background that resembles a rock wall or a cave interior.
