Welcome to Madagascar

Marty the zebra is celebrating his tenth birthday, but life in the zoo isn't all it's cracked up to be. Tired of performing in the same show every day, Marty craves the excitement and freedom of living in the wild. When some crafty Penguins help Marty escape from the zoo, his best friends, Alex the lion, Melman the giraffe and Gloria the hippo set off to find him in what turns out to be a bigger adventure than any of them expected.

Get ready for an unforgettable journey across the ocean, from the streets of New York City to the island of Madagascar. To survive in the wild, the four friends will have to discover their true animal natures and master their instincts. Fortunately, the locals—a band of partying Lemurs—are ready and willing to help (when they're not too busy hosting a rave). However, the Lemurs may be the ones who need assistance when Madagascar's most dangerous creatures, the Foosa, strike.

Collectibles

Health

Life Tikis – Life tikis give you a health boost and count toward extra lives. Every time you collect a life tiki, you fill up one of the four slots on your health meter. Collect ten life tikis to gain an extra life.

Health Meter – The number above the health meter indicates how many lives you have. The triangles indicate how much health you have left.

Monkey Money

Monkey Money can be traded with the monkeys at the Zoovenir Shop. Gold monkey coins are worth five credits, and silver monkey coins are worth one credit. You can access the Zoovenir Shop from either the map or the Pause menu. The Monkey Money counter on the right side of your screen shows the number of coins you've collected.

Special Items

Chili Pepper – Gloria loves eating spicy chili peppers. After munching on peppers, she can run faster, take down enemies and bust through boulders and other obstacles.

Super Roar Plant – This special plant gives Alex's roar a temporary surge of power. Eat one of these to stun all enemies within range.

Hint: The super roar doesn't last long, so use it fast!

Coconut – Melman can use his long neck to fling coconuts (and other objects) through the air.

Mango – Be sure to pick up any mangos you see on the ground. Alex can throw mangos to stun enemies.

Keys – Some areas can only be unlocked once you've found the correct key.

Mini-Games

Unlock special bonus mini-games by purchasing them from the Zoovenir Shop. Once you've purchased a new bonus mini-game, you can access it at any time from the map. Each mini-game costs 35 Monkey Money coins.

Tiki Mini-Golf

Welcome to the Lemurs' mini-golf course! Up to six players can play (taking turns with the same Nintendo GameCube Controller). Each player can select their favorite character to play. The player with the lowest score wins!

To change the direction of your swing, move the green arrow with the **Control Stick** to point in the direction you want. Tap the **X Button** once to start your swing. The strength of your swing is indicated in the bar on the left-hand side of the screen. To hit the ball, tap the **X Button** again.

Mini-Golf Controls

Change direction of swing	Control Stick
Change camera view	C Stick
Start swing	X Button (tap)
Release swing	X Button (tap again)
Rotate camera behind ball	L Button

Shuffleboard

Challenge a friend to a game of shuffleboard. Two players can play using the same Controller. Once you start, you have the following options: Pick Board (additional boards can be purchased in the Zoovenir Shop), Pick Game (play to 9 or 15 points) and Pick Player (select the character you wish to play).

Shuffleboard Controls

Slide left and right	Control Stick
Turn left and right	C Stick
Slide	X Button (press to power up, press again to release)
View scoring pucks	B Button

Scoring

- Only one color scores per round. A round is four pucks for each color.
- All pucks of one color past the deepest puck of the opposing color count for scoring purposes.
- The puck must be completely over the dividing line to score the higher point value.
- Pucks that land in the foul zone or slide off the board do not score.
- The game is won when one side reaches 9 or 15 points, depending on the game you selected.

Lemur Rave

Take part in a Lemur dance party. Each symbol corresponds to a button on your Controller. Motivate the Lemurs into a dancing frenzy by hitting the symbols when they reach their destination. There are three ways to play Lemur Rave:

Play One-Player – Beat the high score.

Play Two-Player – A second Controller is required.

Practice a Track – Scoring is turned off for practice.

After you select a play mode, choose a song, difficulty level and style (Normal, Pro Mode or Random).

Every time you press a button, your accuracy is judged. At the end of the song, all your hits (perfect, great, good) and misses (oops, ouch) are totaled to tally your final score.

Characters

Four Friends

Alex the lion loves his life in the zoo and doesn't understand why anyone would want to leave. He lives a pampered life as the King of New York and enjoys eating juicy porterhouse steaks.

Marty the zebra believes there has to be more to life than the zoo. He dreams of one day escaping into the wild.

Melman the giraffe is a lovable hypochondriac. He's terrified of almost everything, but is very loyal to his friends.

Gloria the hippopotamus doesn't take nonsense from anyone. Smart and independent, Gloria is a take-charge female who keeps the bunch together.

The Locals

Julian is a real party animal. He's king of the Lemurs, although everyone knows it's really Maurice who keeps the group on track.

Maurice is the king's sidekick and the voice of authority in the Lemur world. He makes sure everyone is doing their jobs—especially Julian.

The Penguins

Skipper, Kowalski, Private and Rico

These Penguins have been trying to escape the zoo in their quest to get to Antarctica. They are organized, disciplined and, according to Alex, a little crazy.

Mort is the smallest and cutest of the Lemurs. He loves making new friends—when he's not too busy annoying the ones he already has.

Foosa are dangerous, cat-like predators native to the island of Madagascar. Beware of the Foosa!

?

Chapters

King of New York – Meet Alex, Marty, Melman and Gloria as you learn what it's like to be an animal in the zoo. Be sure to collect plenty of Monkey Money so you can buy items at the Zoovenir Shop.

Hint: Pop the balloons for an added bonus.

Marty's Escape – Marty gets his wish to leave the zoo granted with a little help from some scheming Penguins. You'll have to be extra careful around the security guards to avoid getting caught. Collect keys to access other areas of the zoo on your search for freedom.

Hint: Ask for help from other animals.

New York Street Chase – Marty has escaped, and his friends decide to hold an intervention. Chase him down before Marty gets on a train and heads to the wilds of Connecticut! Watch out for crazy traffic.

Hint: Don't forget to look for Power Cards.

Penguin Mutiny – The entire zoo has been packed up and shipped off to a wild animal preserve. Help the Penguins take over the ship and re-route it to Antarctica. As Private Penguin, it's your duty to scout ahead and make sure the coast is clear. When you've reached a safe spot, use the trumpet to call up the troops.

Hint: Penguins are small enough to fit through pipes.

Mysterious Jungle – Alex washes up on the island of Madagascar after his crate is knocked overboard. He sets out to find the reception desk and hopefully, his friends. Explore the island and see if the locals can help you out. You might need to give them something in return.

Hint: Use your roar to scare open the clams.

Save the Lemurs – Reunited at last, the four friends crash a Lemur party and learn about the Foosa—the most dangerous creatures on the island of Madagascar. Rescue the Lemurs and help them find a new location for their party.

Hint: Use Marty's sneak ability to hide behind rocks.

Jungle Banquet – The Lemurs are throwing a banquet, and they'll need plenty of fruits and vegetables to serve. Scavenge for food by helping out the jungle residents. You'll need to select the best character to do the job.

Hint: Talk to Julian for tips on where to go.

Coming of Age – Alex misses eating juicy steaks. Melman goes on a search for a steak tree, but first, he has to get rid of some disgusting worms that are eating up the Lemurs' home.

Hint: Keep your eye out for coconuts to throw.

Back to the Beach – Alex's hunger has driven him mad, and he's actually bitten Marty on the bottom. Gloria, Melman and Marty try to get off the island by making a rescue beacon. You'll have to find the right character to perform each task.

Hint: The friends have to work together to succeed.

Marty to the Rescue – Marty just can't leave the island without his best friends. Mort leads Marty to the other side of the island through the most treacherous parts of the jungle.

Hint: Watch for speed boosts in the water to propel you faster.

Final Battle – Alex has wandered into the predator side of the island where Madagascar's fiercest creatures live. You'll have to use all your animal instincts and abilities to take down this scary pack.

Hint: Don't forget to look for super roar plants.

Map/Locations

Each time you complete a chapter, a new area of the map gets unlocked for you to explore. Use the **Control Stick** or the **+Control Pad** to move over the map. You can replay chapters at any time by returning to them in the map.

From New York City...

The Zoo – Home, sweet home for our four friends. Don't forget to check out Alex's show—he's the pride of the zoo.

Streets of Manhattan – New York City is full of life—and traffic! The people of New York aren't prepared to see zoo animals running down the street.

...to the Wilds of Madagascar

Cargo Ship – This giant cargo ship is transporting the zoo animals to Kenya. The ship also carries a lot of sailors who aren't prepared to deal with those pesky Penguins.

Beach – When the animals crash-land on the beach, they think they've arrived at a new zoo. They don't realize they're actually on the island of Madagascar.

Baobab Tree – The giant Baobab Tree is a meeting place for the Lemurs. It's where they hold their crazy dance parties.

Predator Side of the Island – This wasteland is the natural habitat for the Foosa. Alex ends up here after he discovers his predatory nature.
