Babies in Paris!

Chuckie and the babies are in luck! Tommy's dad, Stu, is going to do some work at an amusement park called EUROREPTARLAND in Paris, France! Tommy gets to take some of his friends along for the trip. While Stu is working, the kids

get to take a special tour of the amusement park. They meet Kimi, whose mom works at the park. Kimi's an expert on the layout of the park, and is going to give the babies a guided tour.

EUROREPTARLAND is run by Coco LeBouche, who isn't as nice as someone who works in an amusement park should be. Coco doesn't watch where she's going and trips over Chuckie's favorite toy, Wawa. She grabs Wawa and gives it to her assistant to get rid of! The assistant takes off into the park with Wawa!

The babies promise to help Chuckie get Wawa back. Thank goodness Kimi is along, ready to help navigate the huge amusement park!

Saving Games

Your games are automatically saved when you exit *Rugrats™ in Paris—The Movie CD-ROM*. You can go back to your saved game and you'll still have all of your inventory items and will be in the same place in the adventure. All of the entrances you've opened will still be unlocked. Just continue your quest for Wawa.

Navigating

Use your **mouse** to move around. Move the **shoeprints cursor** where you want the babies to go, then **left-click**. The babies will walk to where you clicked. Use your mouse to **left-click** on items in the game. Your cursor will change to an exclamation point (!) whenever it is positioned over a clickpoint. If you see an **!**, **click** on that spot!

There's some secret information you need to learn if you're going to win the game. Fortunately (or not), Angelica has made her way into the control room! Go to the monitor consoles you'll see around the park to talk to Angelica. She won't give out important information unless you give her chocolate candy bonbons. You can collect the bonbons as you travel through EUROREPTARLAND. Collect all the candies you can, because Angelica can see everything from the control room and has lots of advice to give.

Games

When Chuckie and the babies find a game they need to play in order to get Chuckie's Wawa, a ticket will pop up at the beginning of the game. Click on the **ticket** to play.

OOEY GOOEY WORLD

Help Kimi drive her car through ten levels of mazes. She must collect the elevator key hidden somewhere along the tracks and make it to the exit before getting slimed! As the car moves

through the maze, click on the **Gooley Mice** to switch to different tracks that will lead Kimi in another direction.

Use the **spacebar** to give Kimi's car a surge of speed. Kimi will get slimed if she runs into obstacles or traps. She can only take so much slime before she gets "slimed out" and has to start over

again. Go through a car wash to clean up the slime and empty the slime meter. Direct Kimi's car to collect all the bonus items you can, like the Reptar and Robosnail toys, to earn extra points.

Underground

Kimi has retrieved the elevator key in Ooey Gooley World. The babies can now explore the park underground for clues on finding Wawa. It's dark and scary but they can collect light sticks to see better. After the Rice Bowl ride, use the shovel Dil picks up to explore more of the park's underground.

Find the monitor consoles and get clues from Angelica. Take **ladders, cargo lifts, and elevators** to get back to the park.

RICE BOWL RIDE

Baby Dil's stuff is lost in the Rice Bowl ride. Grab Dil's stuff and make it to the exit before time runs out. Watch for the spinning rice bowls that move around and must be avoided. Use the **directional arrows** on the keyboard to maneuver Dil. Using **two keys** at one time, such as the **right arrow and down arrow**, will move Dil at an angle. Guide Dil past the bowls to pick up his belongings. If a rice bowl hits him, he'll drop his stuff. Pick up bonus items, like rattles, for big points! Watch for special items like the ice cube and the green clock to help you out.

CHUCKIE CHAN

Chuckie Chan, the well-known martial arts expert, is featured in this arcade game. Use the **left/right arrow keys** or hold down the left mouse button to move Chuckie across the screen. Whenever the ball comes near Chuckie, he'll punch it. Use the **spacebar** to launch the ball.

Maneuver Chuckie to hit the balls toward the wall of masks. Don't lose the ball, or you'll lose one chance.

Some of the masks are special bonus power-ups. Collect all the bonus items you can like the pinwheel and the rattle to earn extra points. Watch for the special bonus ice cream cone, too! Press the **spacebar** to have Chuckie kick the ball fast and earn more points when you hit items. Keep the ball in motion and hit all the masks until Chuckie earns his black belt!

NINJA CHASE

Tommy, the best climber of the group, is given the assignment of retrieving Angelica's Cynthia doll from the top of a volcano. He must get there before the Ninja security guards can grab him!

Use the **arrow keys** to move Tommy and use the **spacebar** to help him jump over obstacles.

Use the **spacebar** in combination with the **left and right arrow keys** to do a running jump. If the Ninja guards catch Tommy, he'll lose one chance and have to start over. Grab all the bonus power-ups you can, like the bag of marbles! Collect bonus points by collecting flowers along the way. At the end of each level, a cargo lift will take Tommy higher for more climbing.

REPTAR VS. ROBOSNAIL

Play the Reptar versus Robosnail final showdown after completing four of the games. Control the star of EUROREPTARLAND, Reptar himself, in a robotic battle against his evil nemesis, Robosnail. You'll be fighting on a bridge over the river Seine in the heart of Paris. Push Robosnail off the bridge to win the game! Use the **arrow keys** to control Reptar and the **arrow keys** in combination with the **spacebar** to push Robosnail away. Use the **spacebar** by itself to do a defensive move to avoid a shove from Robosnail. Don't let Robosnail push Reptar into the river, or the game ends. There are bonus power-ups along the bridge that'll help both robot monsters, so watch for the lightning bolts and batteries.

On-Screen Display

INVENTORY ITEMS

The items in your inventory will appear in your backpack until you use them. Pick up items you see along the way, like bonbons or light rods. The bonbons will be needed to buy information from Angelica, who's in the park's control room. The light rods are needed to see in the darkness of the underground park.

HELP & HINTS

Click on the **Question Mark** to get help and hints on *Rugrats™ in Paris—The Movie* CD-ROM. When you click the **Help Button**, Kimi will offer tips and tricks for the section of the game you're in. If Kimi has more than one tip for you, click the **Arrow Button** to get another tip. Click **OK** when you're done.

You can also get help from Angelica, who's in the control room. Go to the monitor consoles with bonbons ready to give and Angelica will give you help and hints in return!

BACK ARROW

Click the **Back Arrow** to go back to the beginning or exit the game.

DIFFICULTY LEVEL

Click on the **Difficulty Icon** to change the level of difficulty of the game you're currently playing. If you're in the middle of a game and it's too hard, change the difficulty level to an easier setting and you'll restart that game with the new difficulty level.

Characters

CHUCKIE

Chuckie's the star of the game! Help him get his Wawa back. A mean lady named Coco stole it.

TOMMY

Without Tommy, the kids wouldn't even be on this adventure in Paris. Tommy's dad is working at EUROREPTARLAND, fixing the giant Reptar.

DIL

Dil's following behind in his jumpy seat, as usual.

PHIL AND LIL

Phil and Lil are on the trip, too, jumping in to take part in all the 'citing adventures.

KIMI

Kimi's mom works at EUROREPTARLAND, so Kimi knows all the ins and outs of the park. Kimi is the one who'll give you hints when you click the Help icon.

ANGELICA

Angelica somehow made her way to the EUROREPTARLAND control room. Give her bonbons because she's got the power to give you clues!

COCO LeBOUCHE

The evil head of EUROREPTARLAND, Coco treats her employees badly, hates children, and likes Chuckie even less because she tripped over his Wawa.

JEAN-CLAUDE

Coco's slimy henchman and toady, Jean-Claude doesn't like kids either. He does whatever Coco tells him to do.

REPTAR

Meet the terrifyingly huge yet tenderhearted star of EUROREPTARLAND. He may look scary, but he's really the babies' best friend!

ROBOSNAIL

Reptar's historical nemesis is Robosnail, the colossal robotic snail of EUROREPTARLAND. He's ready to battle Reptar to the finish!
