⚠ WARNING – Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition, should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

Convulsions	Eye or muscle twitching	Altered vision
Loss of awareness	Involuntary movements	Disorientation

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

⚠ WARNING – Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendonitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

⚠ CAUTION – Motion Sickness

Playing video games can cause motion sickness in some players. If you or your child feels dizzy or nauseous when playing video games, stop playing and rest. Do not drive or engage in other demanding activity until you feel better.

Introduction

When Shrek® married Fiona, the last thing he had in mind was becoming the next King. But when Shrek®'s father-in-law, King Harold, suddenly dies, that is exactly what he faces. With the help of his trusted companions, Donkey and Puss in Boots, Shrek® must find a suitable King for Far Far Away or be stuck with the job himself. And the most “promising” candidate, Fiona's cousin Arthur—an underachieving medieval high school slacker — proves to be more of a challenge than they bargained for.

Story

Join our good friends from Far Far Away as they follow Shrek® on his quest to find Fiona's cousin, Arthur, and convince him to take his rightful place on the throne.

Multiplayer

Here's the chance for you and your friends to compete against each other on the field of battle! Armed with catapults and giant crossbows, be the first to destroy your opponent's fortress and win!

Castle Capture – Use the catapult to knock down the castle walls. Try knocking out the balloons before they float away!

Minigames

Enjoy special minigames with Shrek® and friends, arcade-style. Play by yourself or with a friend. Can you score high enough to get a gold medal in all the games?

Catacombs Leap – One by one, get Shrek® and his friends across to the gates at the other side as fast as you can. Whatever you do, don't look down! **A Button + A Button** makes you double-jump, which you can use to get across the catacombs more quickly. If you fall, you will lose a life. Every 1,000 points earns you an extra life. Collect the stars and earn 100 points each!

Frog Herder – Chase all the frogs into the nearby ponds before the clock runs out. Keep an eye out for exploding obstacles! In 2 Player, you need to get the frogs to the pond with your character on it, to the left and right of the field. Power-ups can make the frogs swarm to you or reverse your opponent's controls. They can also change your speed.

Ships Ahoy – Use the cannon to protect the treasure from the incoming pirates. Don't let them near the beach! White ships are 100 points, red ships are 250 points and black ships are 600 points. The golden bonus ship is worth 1,000 points!

Shooting Gallery – Fling tomatoes at the moving enemy targets...but watch out for Donkey! Hitting the clock or hitting two targets at once will give you a 5-second time bonus. Hitting Donkey will give you a 10-second penalty.

Shrekleboard – Shoot pucks into the scoring zones. Beat Hook's score to advance to the next round! You get an extra puck when you get 1,000 and 2,000 points.
