FACTORY STANDARD DRIVING CONTROLS

POWER UP

1. Microsoft Windows® 95 or Windows 98 is required.
2. Microsoft DirectX™ 7.0 is required. Test Drive 6 will install it if it is not found on your computer.
3. Test Drive 6 requires up to 330 megabytes of hard disk space.
4. Insert the Test Drive 6 CD into your CD-ROM drive.
5. If you have the Autorun feature enabled, follow the on-screen instructions for installation. If you do not have Autorun enabled, click on START, then click on RUN and type into the dialog box "D:\SETUP" (where D: is your CD-ROM drive) and then click the OK button. Follow the on-screen instructions.

WELCOME TO TEST DRIVE 6

Did you ever want to challenge a dream supercar against a flexing muscle car? Slip behind the wheel of your street rod off the lot, or a high tech concept car right out of the R&D garage. Race all over the world, win your races and upgrade your ride. Are you the best? Find out...in the ultimate thrill ride!

SELECT PLAYER

Click on **CREATE NEW PLAYER** to create a racing identity under which you can acquire and maintain a collection of vehicles, a series of high scores, and record entry into hidden elements of the game. Backspace over "Player 1" and type in the name under which you wish to race and press **RETURN**.

MAIN MENU

The Main Menu offers the following options. Use the arrow keys or your mouse to select an option and then press the **ENTER** or left-click . To back up one menu, press **ESC**.

IMPORTANT DRIVING TIP

You must learn to powerslide to get through sharp turns at high speed. Use the Handbrake during a turn to powerslide. Tap the button to get the most slide with the least slow-down.

■ PRACTICE

SELECT TRACK: Use your mouse or the arrow keys to choose from the linear or circuit tracks available. Win Tournaments to unlock more Practice tracks. Left-click or press **ENTER** to make your choice.

SELECT CAR: Use your mouse or the arrow keys to choose

from the vehicles available. Left-click or press ENTER to make your choice

TRANSMISSION: Use your mouse or the arrow keys to toggle between automatic and manual transmission. Left-click or press ENTER to make your choice.

RACE: After you've chosen a car and a track, you're ready to hit the streets and leave the competition behind.

EXIT: Leave this screen.

TOURNAMENT WAGERING SYSTEM

Make a wager on your race, and the other five racers will match your bet. There are maximum and minimum limits to the amount you are allowed to wager. If you cannot meet the minimum wager, you must go out and earn more credits through Single Races, Cop Chases or Challenges.

If the listed bet is not one you want to make, use BACKSPACE or DELETE to erase the default bet, and then type in the wager you wish to make.

Half of the credits ponied up for each race in a tournament is paid out to the top three finishers, and the other half goes into the Tournament pot. The pot is paid to the driver with the lowest cumulative racing time at the end of that Tournament.

▪ **RACE MENU**

SINGLE RACE: You may only choose this option after you have purchased a vehicle in the Garage. Select a track, as in Practice. Place your wager, and beat your opponents.

TOURNAMENT RACE: You may only choose this option after you have purchased a vehicle. Choose the class in which you want to race, and which tour of that class in which you will race. You can upgrade your vehicle before each race.

At first, only the Class 1 Tournament is available. Cars in Classes 2 through 4 have higher performance and greater costs. When you have acquired enough credits and purchase a car in Class 2, 3 or 4, the respective tournaments are also opened to you.

COP CHASE: You may choose this feature only after you have purchased a vehicle in the Garage. Choose a police vehicle to drive in pursuit of the other drivers. Choose your course, and choose your mission. For the event, "Stop the Racers," every racer has a "morale" bar shown above his car. Knock the morale bar down to zero by bumping into him to pull him over. Or, block him off, using your car as a barricade to stop his forward progress. For every racer you manage to cite, you will be rewarded with credits.

H O T T I P

If you are the cop, go after the fastest racer first, otherwise, the others may slip past you.

CHALLENGES: You may only choose this option after you have purchased a vehicle in the Garage. These races are outside the tournament structure, and may be outside of “acceptable” public behavior. Each is a test of your driving skills and measurement of the competitiveness of your vehicle. While the rewards are high, you may encounter difficulties in completing each Challenge.

GARAGE: Enter the Garage to select a car to race, purchase a new car, modify cars you own, or sell cars.

Change Car: Choose from the vehicles in your garage for your next race or tournament.

Upgrade: Once you have at least one vehicle in your garage and some credits in your account, you can begin upgrading your vehicle(s). There are four categories of upgrades, and each category has a number of levels of superiority to make the vehicles better, faster, and more competitive. The categories are Engine, Brakes, Tires and Suspension. Each upgrade can be adjusted in the garage, making it possible to fine-tune your vehicle for the tracks on which you will race.

Buy: Choose the vehicle class (1-4) which also determines base price and base performance. Use your mouse or the arrow keys to choose from the vehicles in that class. Left-

click or press ENTER to view that vehicle's performance statistics. Use your mouse or the arrow keys to go to the Paintshop, where you can customize the color of the vehicle.

Left-click and hold on the red pointers on COLOR and SHADE to alter the paint color and color brightness of your prospective vehicle.

After you have accepted the paint job, click on PURCHASE and ACCEPT to buy the vehicle. Once you have, appropriate funds will be deducted from your account and the vehicle will be yours.

Sell: Do you need money? Are you unsatisfied with a vehicle? Sell a car back – for less than you bought it for, naturally.

■ **OPTIONS**

VIDEO OPTIONS: Use your mouse or the arrow keys to adjust the settings for the following options:

RESOLUTION: from 512x384 to 1024x768.

TEXTURE QUALITY: Choose Best Quality for the best look, or Best Performance for faster processing. “Recommended” balances the two choices.

DETAIL: Choose between low, medium and high.

USE FOGGING: “On” reduces the distractions off in the distance and allows you to concentrate on what is immediately around you.

VIEW DISTANCE: How far ahead do you want the game to resolve the track?

AUDIO OPTIONS: Use your mouse or the arrow keys to alter the following options:

EFFECT VOLUME: Sound effects in the game – engine noise, tires spinning, sirens screaming, etc.

MUSIC VOLUME: Background music volume.

CD TRACK: If you’d rather hear a different song, choose the one you want to hear.

GAME OPTIONS: Use your mouse or the arrow keys to toggle any of the in-game options:

SPEED READOUT: Use your mouse or the arrow keys to toggle between kilometers per hour (KPH) and miles per hour (MPH).

CHECKPOINT TIMERS: Use your mouse or the arrow keys to toggle the Checkpoint Timers on or off in Single Race and Practice modes only.

TRAFFIC: Use your mouse or the arrow keys to toggle Traffic to Off, Avoid or Classic – affects Practice and Cop Chase only.

Off: No traffic – just you and the other racers.

Avoid: Traffic will actively attempt to get out of your way.

Classic: Traffic will ignore you.

COPS: Use your mouse or the arrow keys to toggle the Cops on or off – affects Practice and Cop Chase only.

DIFFICULTY: Use your mouse or the arrow keys to choose from the Difficulty levels of Easy, Normal and Hard.

TRANSMISSION: Toggle between manual transmission and automatic transmission.

CONTROLLER OPTIONS: Use your mouse or the arrow keys to choose a controller. If you choose keyboard, you may also re-map the keys to suit your preferences.

CREDITS: Take a look at all of the individuals responsible for this latest foray into 'round-the-world racing.

FEAR FACTORY VIDEO: View the Fear Factory music video for the song "Cars".

▪ HIGH SCORES

Take a look and see how well you're doing compared to your past race times.

NOTE

As you play through the game, your progress is automatically saved for you.

VISUAL DISPLAYS

TIME: On any course, the timer in the upper right corner displays your elapsed time in the current race.

LAP(*): The upper left of the screen lists, in the form of a fraction, the lap you are racing over the total number of laps for your race, as well as the time elapsed on your current lap.

* Only on circuit tracks

SPEEDOMETER/TACHOMETER: The large dial in the lower right hand corner shows current engine RPM. The green digital readout under the tachometer shows your speed. The black digit in the white circle represents the gear you are currently using.

CHECKPOINT TIMER: The large white number on the top

center of the screen is the amount of time you have to get to the next checkpoint (on a linear track). Time is added when you pass a checkpoint.

MAP: There is a bird's-eye-view map on the lower left corner of the screen. The number next to the map is your current place in the race.

CAMERA: You have a choice of several camera positions in and behind the car. Find an angle that you are comfortable with at the beginning of the race, and stick with it as you drive. Some practice will tell you what works best for you. Press C to alter the camera view of your vehicle; press X for a view of what is behind your vehicle.

ACCESSING CARS & TRACKS

The first time you play Test Drive 6, about half of the tracks and vehicles are inaccessible. As you play and accomplish goals, cars and tracks will be made available to you.

You can access all the car and Tournament Classes by earning enough credits to advance from Class 1 through Class 4. You can gain access to tracks and cars for use in Practice by winning Tournaments.

CUSTOMER AND TECHNICAL SUPPORT

Infogrames North America provides customer service, news, demos and technical support on these on-line services:

PHONE: Infogrames North America has some of the friendliest and most knowledgeable Technical Support Representatives in the industry. We can help you by phone between the following hours:

Monday-Thursday 8:00am-5:00pm Pacific time and Friday 9:00am-5:00pm Pacific time at (408)296-8400

FAX: Faxes may be sent anytime to: (408)246-0231

ONLINE: <http://www.infogrames.net>

Email: help@infogrames.net

**Postal Contact: Infogrames Tech Support
5300 Stevens Creek Blvd., Ste. #500
San Jose, CA 95129**

INFOGRAMES HINT LINE

1-900-454-HINT: \$.99/minute. If you're under 18, please get a parent's permission before calling.

Health Warning

For your health, rest about 15 minutes for each hour of play. Avoid playing when tired or suffering from lack of sleep. Always play in a brightly lighted room, and stay as far from the screen as possible. Some people experience epileptic seizures when viewing flashing lights or patterns in our daily environment. These persons may experience seizures while playing video games. Even players who have never had any seizures may nonetheless have an undetected epileptic condition. Consult your doctor before playing video games if you have an epileptic condition or immediately should you experience any of the following symptoms during play: dizziness, altered vision, muscle twitching, other involuntary movements, loss of awareness of your surroundings, mental confusion, and / or convulsions.

PIRACY

The unauthorized reproduction of all or any game part of this product and the unauthorized use of registered trademarks are likely to constitute a criminal offense. PIRACY harms consumers as well as legitimate developers, publishers and retailers. If you suspect this game product is an unauthorized copy, or have any other information about pirate product, please call the customer service number given at the back of this manual.

SOFTWARE WARRANTY

Infogrames North America warrants for a period of 90 days from the date of purchase by the original purchaser of this software that the medium on which it is recorded will be free from defects in materials and workmanship. Defective media which has not been subjected to misuse, excessive wear or damage due to carelessness may be returned during the 90 day period without charge. To receive warranty service:

1. DO NOT return your defective compact disc to the retailer.

2. Notify Infogrames North America Customer Service of the problem by calling (408)296-8400 between the hours of 8am and 5pm (Pacific Time) Monday through Friday. Please do not send your compact disc to Infogrames North America before calling. Infogrames North America can also be reached 24 hours a day by FAX at (408)246-0231, or by email at help@infogrames.net. Check us out on the World Wide Web at <http://www.infogrames.net>.

3. If a Customer Service Technician is unable to solve the problem by phone, you will be given a Return Authorization number. Record this number on the outside packaging of your compact disc (be sure your packaging is at least 4"x6", as many shipping companies will not ship anything smaller). Send the compact disc and your sales slip or similar proof-of-purchase within the 90-day warranty period to: Customer Service, Infogrames North America, 5300 Stevens Creek Blvd., Suite 500, San Jose, CA 95129. After the 90-day period, defective media may be replaced in the United States for \$10 (U.S. dollars; plus 8.25% sales tax if the purchaser resides in California). Make checks payable to Infogrames North America and return to the address listed above. (To speed processing, please do not return manuals or game boxes.)
